DEATH STRUCK THOUSANDS OF PRAYING FOLK

More Than 350 Die as Waters Engulf Them In Church—Midwest States Disaster Toll Continues Its Mounting Stage

Death estimates in three mid-western states and in Mexico mounted to the 500 mark today as floods continued their widespread destruction.

More than 350 persons were officially estimated to have lost their lives when a wall of water swept down on the fertile valley of Mexico. Only seven of the throng of worshippers in a San Pedro church escaped.

Within two hours roads were impassable and fields became vast, surging lakes.

Those who escaped from the San Pedro church said the swiftly rising water burst the walls of the structure and poured in on the worshippers before they were aware of the threat to their lives. Later the building collapsed, burying the dead and lying beneath its debris.

Villagers interfered with the efforts of federal troops to extricate bodies from the ruins, threatening to attack the soldiers because they believed the disaster to be an act of vengeance sent from heaven.

Nbraska, Missouri and Kansas were lashed by raging streams. An estimate based on reports from the Red Cross, compiled by the Associated Press, estimated 94 persons, Kansas had eight deaths and Missouri three.

Property damage in the three states was estimated at \$10,000,000 with the greatest loss in Nebraska.

Five Rivers Continue
On Terrific Rampage

McCORMACK, Neb. June 4.—Neb. rains lashed and property toll from floods last week mounted still further today while five rivers continued their rampage.

Denver, Colo. June 4.—General chairman of flood relief here, placed the known death toll at 140 and an Associated Press unofficial death toll included 140 persons. Thirty-eight bodies have been recovered.

Property damage by the raging torrents of the Republican river, which swept 200 miles across southern Nebraska from the Colorado border to Superior, Neb., where they joined into the Missouri, to cause more destruction, was estimated at more than \$15,000,000.

Mussolini Has Black Eye: He Tells Good Story

ROME, June 4.—Benito Mussolini, Italy's black-shirted premier, has a black eye and a swollen nose.

To sympathetic inquirers, Il Duce explained the result of being knocked from his horse by a horse-kicking branch while giving his usual morning broadcast yesterday.

YIPPIE POLICY IS LIKE STEEL

MOSCOW, June 4.—Soviet Russia's policy in the Far East will be one of "unbending as steel" in all matters regarding defense of the country's interests, Karl Radek said yesterday in an article in the official newspaper, Izvestia.

At the same time, he said, Moscow intends to forego pacification of Asia. He expressed the hope that "friendly relations will be established with Japan in the future, but that concerned must work for them."

FOUL CRIME IS RE-ENACTED

NAIACAN, Sask. June 4.—Inquest from south of Regina today found a boy, Benjamin, found in a deserted cabin near his mother's farm 22 miles north of here on May 16, to be continued today at Tisdale and possible the Montreal Police held in custody here on a charge of murder.

The girl, John Welch, 28, a quarry transient, who was arrested last Thursday at Souris, Man., after allegedly assaulting a six-year-old girl.

Welch, brought back here Saturday, re-enacted for police his meeting with the murdered girl, who he said had been found in a deserted shack after an all-day search by neighboring farmers. He is said to have admitted criminally assaulting the girl but steadfastly denied killing her.

Ashley Divorce Is Now Absolute

LONDON, June 4.—Divorce of Lord Ashley from the former Miss Havelock, his second wife, was granted by the House of Lords today.

56,000 Now Estimated Quake Dead

QUETTA, India, June 4.—Official quarters estimated tonight that 56,000 persons throughout this region lost their lives in the earthquake of last Friday.

KARACHI, India, June 4.—A mountain peak near Quetta burst with a terrific roar during Sunday's earthquakes, terrifying some of the survivors of last Friday's disaster in which more than 40,000 persons were estimated to have been killed.

The peak, which served as a landmark cracked wide open, sending up a pall of pulverized earth and which, turning daylight into darkness, hung in the sky for several hours, burning daylight into darkness.

At Quetta, it was believed at least 20,000 bodies still lay in the wake left by the earth shocks, but officials estimated there is no hope of recovering any more living.

Dynamiting Not To Be Sanctioned

LONDON, June 4.—Protests by Indian leaders against any dynamiting of burning debris in the city of Quetta, leveled by earthquakes, led the Indian government to announce last night the city will neither be blown up nor abandoned.

The protests arose during relief operations after the Bihar earthquake of 1934 victims and rescuees alive in the wreckage as much as a week later.

CANCER FUND REACHES NEAR HALF MILLION

OTTAWA, June 4.—The Cancer Research Board of the University of Toronto, Ontario, announced today that the fund for the fight against cancer has reached nearly half a million dollars.

Her Excellency, who received the fund, turned the money over to the Cancer Research Board, which included Chief Justice Sir Lyman D. Duff, Prime Minister Sir R. B. Bennett and Liberal leader Mackenzie King.

Nipissing Man 112 Years Old Fetes Birthday

NORTH BAY, Ont. June 4.—A man who would have been too old to fight in the American civil war today is celebrating his 112th birthday at Nipissing, Ontario.

His name is John Smith, a native of the United States, who came to Canada in 1848 and has since lived in Nipissing.

He was born in the north of the United States, in the town of Nipissing, and has since lived in Nipissing, Ontario.

He was born in the north of the United States, in the town of Nipissing, and has since lived in Nipissing, Ontario.

CHIEF OF POLICE FETTERED BY CIVIL SERVICE

Dr. H. M. Tory, president of the National Research Council, and one of the outstanding scientists in Canada is to be retired and made way for Maj. General A. G. McNaughton, present chief of the general staff.

Dr. Tory was appointed seven years ago, in the appointment reading for seven years and until a successor is appointed. The seven years expired on June 1 and Dr. Tory received his resignation from Mr. Bennett on May 31.

Dr. Tory came to Ottawa from Edmonton where he was president of the University of Alberta and built up the great scientific institution which has made a world wide record.

Curiously his successor, General McNaughton, an Alberta man, coming from Calgary, has been a close personal friend of Mr. Bennett's for some time and one of his old advisers.

Key Sisters, Quads, Fete Birthday 20

HOLLIS, Ohio, June 4.—The only quadruplets that medical history records as having survived to maturity are celebrating their 20th birthday today. They are the famous Key Sisters, Mona, Leola, Mary and Roberta, who were born to Mr. and Mrs. Pike Key, June 4, 1915.

There were four cubs bearing 36 ounces each for the Key sisters, Mona, Leola, Mary and Leola, who were born to Mr. and Mrs. Pike Key, June 4, 1915.

There clothes are alike and they all play the saxophone, but on this birthday, being quadruplets and 20, their observations vary.

Roberta: "Just think! In one more year I can vote."

Mary: "I'm not going to let being only a quadruplet get in my way."

Mona: "I really enjoy being born a quadruplet."

Leola: "I still like the high school group and I hate to grow up, but I can't help it."

There is no record in medical history that any other quadruplets, or the offspring of higher multiple births, ever reached maturity.

WOMEN SLACKERS

SAW 25,000,000 B.S. SHRINKAGE

World Shipments Also Down One Million Bushels Over Same Period.

MONTREAL, June 4.—Ocean shipments of wheat from August 1 to May 19, from Canada amounted to 86,000,000 bushels, substantially less than the total of 121,000,000 bushels exported for the same period in the previous year. Shipments were down 1,000,000 for the same period, at 412,000,000.

The small shipments from North America and Russia were made up by the Argentine and Australia. The Argentine shipped 10,000,000 bushels against 10,100,000 bushels the last year and Australia 91,000,000 against 10,000,000 bushels. Carriers in these two producing countries were materially reduced to normal levels.

CANADIAN CARRY-OVER

The carry-over in Canada on July 1st was estimated at 37,000,000 bushels, from last year's 39,000,000 bushels but a lesser reduction than that in Australia and the United States.

Total world requirements for the year were estimated at 2,346,000,000 bushels, leaving about 412,000,000 bushels of wheat already shipped. Great Britain, which takes about 41 per cent of all exports, has imported 138,000,000 bushels, leaving about 68,000,000 bushels still to be shipped.

PRICES HALTED

Price advances from last February have been halted by the Canadian Wheat Board. The board has decided that the wheat market is overvalued and that it is necessary to halt price advances.

The board has decided that the wheat market is overvalued and that it is necessary to halt price advances.

Duncan Marshall Honored By Iowa College

TORONTO, June 4.—Honorary degree of "Doctor of Agriculture" will be conferred on Hon. Duncan Marshall, Ontario Minister of Agriculture, by the Iowa State College of Agriculture, it was announced yesterday.

THE BLUE EAGLE TO SOAR AGAIN

MADES SIMMONDS TO INITIATE NEW SWIFT RECOVERY

White House Busy Place Today As Conference Called—New Legislation Expected.

WASHINGTON, June 4.—President Roosevelt and his cabinet agreed today to submit an emergency legislative program to congress for restoration of NRA on a restricted basis.

The president and cabinet met in extraordinary session for more than an hour and a half. It was decided that Mr. Roosevelt will propose action to Congress promptly immediately.

The NRA legislative program was described to reporters as likely to be a "free-meal" proposition. Details were withheld.

WASHINGTON, June 4.—President Roosevelt, after a period of some confusion for the New Deal, last night determined to initiate swift action today to build some structure on the wreckage of NRA.

The White House late yesterday announced the summoning today of a special cabinet meeting to be followed by a special meeting of the members and advisers of the president, and capped by a special press conference at which the president will announce his plans.

SILENCE MAINTAINED
Aside from a disclosure of the extraordinary series of conferences would centre on NRA, presidential press secretaries declined to speculate, however, that Mr. Roosevelt had decided upon some action designed to restore the principles of the recovery agency, rendered defunct by the United States supreme court's ruling a week ago.

TO MAINTAIN NRA
A few minutes before the White House issued its call, Donald R. Richberg, NRA head, let it be known the elaborate Blue Eagle administrative organization was to be maintained regardless of the recovery act's automatic expiration on June 16. President Roosevelt had told him, he said, the 6,000 employees were to be separated from the payroll.

LEGISLATION EXPECTED
The president's advisers carefully maintained silence was broken on Friday with an assertion the emergency measure, whether the federal government has been forced to deal with national economic and social problems—hitting hard at a constitutional amendment.

The fact the NRA organization is not to be abandoned was quickly interpreted as meaning the president would be ready with legislation to be enacted before June 16.

B. C. Chinese Ejected As Homes Burn

CUMBERLAND, B.C., June 4.—Two aged Chinese who refused to voluntarily leave a blazing building until they had saved some of their belongings in the fire which raged half of Cumberland's Chinatown Monday, were forcibly carried to safety.

The fire swept through the Chinese section of the city, demolishing buildings. No damage estimate was available but it is not expected to be high as only 10 of the buildings, many of them frame structures, were destroyed.

Apparently starting in the basement of a two-story building, the flames, fanned by a brisk wind, spread rapidly to adjoining structures of the section which is at the west end of the city. The regular fire department force of 25 men was supplemented by as many volunteers fought the flames for five hours before bringing them under control.

Firemen broke into blazing buildings and found the Chinese hastily cranking together a few meagre belongings. When the Chinese refused to leave at once, firemen picked them up and carried them to safety.

Jehovah's Witnesses Who Get Noisy Are "Needed"

ALEXANDRIA, Va., June 4.—Fifteen of Jehovah's witnesses were fined and vaccinated Monday for keeping Alexandria awake Sunday night. They descended from Alexandria's skyscraper with intention across the Potomac in Washington.

KING REPLIES TO ADDRESSES ON HIS JUBILEE

Senate, Commons Hear Direct Message on Ruler's Birthday

OTTAWA, June 4.—A message was received Monday from King George to the members of the Senate and House of Commons, expressing warm appreciation for the joint address of the two houses which was adopted prior to the King's Jubilee and presented to His Majesty by Prime Minister Bennett at St. James Palace May 8.

John J. L. Bennett, speaker of the House of Commons, read the message to the members of the House of Commons last night, the event having an added interest in that the message was "received on the eve of King George's birthday."

Following is the text of the message: "Members of the Senate and the House of Commons of Canada. I thank you with a full heart for the loyal and affectionate terms in which you have addressed me by the Prime Minister of the United Kingdom on the 8th May. When the representatives of my Dominion overseas gathered to greet the Queen and myself and to offer us the united congratulations and good wishes."

WILL LONG REMEMBER
So long as I live, King George and I will never forget that unique and wonderful occasion and the loving words spoken by Mr. Bennett and by those who followed him. In my reply I endeavored to express the thoughts that filled my heart—thoughts of thankfulness, of pride in all my peoples and of gladness that their representatives were gathered together to greet us in our home in the spirit of the family."

Your address recalls the eventful years through which we have passed; the years of war followed by years of peace; the years of adversity followed by years of triumph. History will never forget how my people of Canada stood side by side with all my other peoples when danger assailed us.

MASSIVE REMEMBRANCE
As this line of thinking, let us not forget those named or unnamed who by war or other who are suffering from unemployment and the anxious years of peace. It is my duty to remind you that depression can be fought, opportunity can be created, and happiness and prosperity restored. Your address speaks also of the changes in political relations that my reign has witnessed.

My maintenance for gladness there is none greater than, that the bonds of freedom and self-government have been enlarged, so that Canada and the other overseas dominions have now attained the fullest nationhood, yet they remain by a certain bond of allegiance to the Crown, and the bonds of brotherhood and friendship stand as never before.

"FAMILY FEELING"
I realize that my silver jubilee has afforded a signal example of that family feeling. Let us keep that spirit and together fulfill that great task that is laid on all of us of the British Empire, to hold high the ideals of service, liberty and peace. I am touched by the kind and affectionate words in which you refer to the Queen, who throughout my reign has shared my joys and my sorrows, may labor and my leisure. I feel that you also refer to the visits by members of my family through them I am enabled to keep in close touch with the development and progress of my peoples overseas.

I thank you for your prayers, and I pray the blessing of divine providence may rest on my people of Canada and give them happiness and peace.

"Signed George R. I."

Senegal-Brazil Trans-Atlantic Plane Flight On

NATAL, Brazil, June 4.—The mail plane Caudron, France's newest trans-Atlantic four-motor monoplane, landed here at 4:30 p.m. yesterday, completing her first crossing from Africa to South America. She had left Dakar, Senegal, at 1:38 a.m.

Montreal Awarded Women's Track Meet

VANCOUVER, June 4.—The Canadian women's track and field championships will be staged at Montreal Stadium, August 10. Miss Mary Gorman, president of the Women's Amateur Athletic Federation, announced Monday.

Balbo Back Again

Long removed from Italian limelight by being sent to African colony as governor, after capturing world attention with his conduct of a massed swastika flight to Chicago, Marshal Balbo is again permitted to claim attention. He's seen conducting Italy's crown prince on tour of Italian Libya, which she visited with her husband.

Mother Assam Swings A Mean Axe Although 108

REGINA, June 4.—Born at Battleford in 1828, still active and self-reliant, Mrs. John Assam (pronounced "Ash-um"), Indian woman, will observe her 108th birthday this summer on the Muscowpetung Reserve, Qu'Appelle Valley.

Mrs. Assam's history has been authenticated by Mr. Bennett, former student at Qu'Appelle Indian Industrial school and a son-in-law of the aged woman.

Mrs. Assam still gathers sticks for her fire, winds an axe and finds time to do some of the best bead work produced on the Reserve.

Her husband died about 20 years ago, and his funeral was one of the largest ever held on the Reserve. Of late years she has been aided by her daughter, Mrs. Robert Orl, at the west end of the Qu'Appelle lakes.

Ottawa Trek Jobless Not Coming Here

VANCOUVER, June 4.—The "on to Ottawa" trek of striking British Columbia relief camp workers got under way last night as 600 men left on a 96-car Canadian Pacific railway freight train en route east with the intention of taking their strike to the federal government's Dominion authorities.

Plans to send one section via the Canadian National line to Edmonton were abandoned when it was ascertained that they would be joined by relief campers in the Alberta capital.

GO ON TRAIN
With packs on their backs or packages or bundles under their arms, the men congregated along the tracks outside the freight yards several hours before the train was made up. They then clambered aboard, taking their places on one of the box cars.

The string of humanity-laden cars snaked out of the yards to the cheers and shouted wishes of sympathizers and revellers who gathered along the tracks to see the train start on its journey.

MEN UNMOLESTED
It was a variegated crowd of men who crambled for places along the cars, unmolested by a few city police officers present.

There were young men and others not so young. Some had mackinaw coats, a few boasted overcoats, but the majority were dressed in much the same clothing they have worn since they left their camps in various parts of the province April 4 and congregated in the city. A number took sun goggles in anticipation of summer weather on their trip.

ARM IN SLING
One young striker grimaced ruefully as he displayed his right arm in a sling. He has "cracked it" last night, he said, but was "on his way to Ottawa with the rest of the men."

With the strikers went Matt Shaw, youthful chairman of the strike committee.

As the men swung along down town streets, towards the freight yards many of them began to be taken for young lads heading for an outing on the ridges and through the woods. They were directly across Burrard Inlet from where they boarded the train. Strapped to their backs were the neat packs used by hikers containing blankets and make a change of clothing.

Some plans call for a two-day stopover at Kamloops, B.C., one day at Golden, B.C., and three days in Calgary. Other stops planned are Medicine Hat, Altamont, one day; Regina, one day; and Port Arthur. Two days each at Sudbury, Ont., one day, and Toronto, four days.

FINES UNDER COMBINES ACT GROW LESS

Report Tabled in Commons Shows \$300,000 Taken Since 1926

OTTAWA, June 4.—Since 1926 more than \$300,000 in fines have been collected under the Combines Investigation Act. Hon. W. A. Gordon, minister of labor, told the house of commons last night.

The house approved the vote for administration of the act this year. Liberal leader W. L. Mackenzie King said the administration of the act would be transferred from the labor department to a board under a bill before the house. Mr. Gordon said the bill was not yet passed and in any case it would require some months to bring the change about.

Administration in the labor department had presented its own difficulties and he hoped the change would be an improvement. He said he was not sure Mr. Gordon would know why Mr. Gordon had refused to supply reports of certain investigations under the act to the price boards committee. Mr. Gordon replied there was nothing in the act to permit disclosure of such reports.

Sleep Walker Killed

SUMMERSIDE, P.E.I., June 4.—Thomas Dignan, 86, in the habit of walking in his sleep, died tonight from injuries received when he fell from his bed-room window.

Campaign Who's-Who

Thumbnail Sketches of Candidates in the Provincial General Elections.
By T. R. WINDROSS.

WILBERT A. STEVENSON of Wetaskiwin district, United Farmer candidate for election in that riding in the coming election, was born under the name of the "St. Mary" in the city of that name in Ontario, in the year 1884. He is one of the youngest candidates seeking election, being only 36 years old.

He attended school as a lad in St. Mary's, and when his high school studies were completed went to Brandon College, Manitoba, graduating with a B.A. degree in 1908. That does not mean that he received all his education out of Alberta, as he only went to school in Ontario as a very small lad, and in 1906 came west with his family and went through high school in his own riding.

In 1913 he was a member of the Wetaskiwin U.P.A. Provincial Political Association and has been an enthusiastic supporter of the "farmer" party during his political career. He is a student of the study of philosophy as his best hobby.

Mr. Stevenson is a Canadian first and always and his political platform conforms to the loyalty of his citizenship in the Dominion and the policies of the party he represents.

Armed To Foil Bandits: Shoots Self In Hand

MONTREAL, June 4.—While pursuing a passing bandit attack, Edward Hodge, 33, hiding his revolver under the counter of his room, shot himself in the hand during the strike which was made up.

At a mass meeting of married unemployed relief recipients at the Market Square, Monday night, the men were instructed by G. C. Douglas, chairman, to refuse to go to work on Tuesday unless they were assured that the relief they lost during the strike would be made up.

Relief Strikers Give Ultimatum

WINFREDA OF VIENNA says... "er geschmack hält sich" which means "THE FLAVOR LASTS!"

Whether it's Winnipeg or Vienna... Saskatoon or Sydney, Australia... Calgary or Calcutta... one common choice unites chewing gum fans throughout the world... They all prefer Wrigley's!

The delicious flavor of Wrigley's Spearmint Gum has carried the Wrigley name to every corner of the earth. Chew Wrigley's Spearmint regularly after meals... between smokers. It keeps your mouth and throat fresh and moist... adds zest.

country lane... or any road you wish... You'll marvel at the way sharp bumps and jolts are changed to long, easy, smooth down motions... a barely perceptible to your passengers or to yourself.

Wind your way through five o'clock traffic... Slip from one quiet gear to the next... feel the easy steering... a thrill to the easy, smooth "get-away" that puts you "way out in front!"

Learn that you can depend on the big hydraulic brakes to stop you instantly, without jarring... that in the worst safety of the room, all-steady body.

In addition to all this, you will also learn that the Airstream Chryslers are exceptionally easy on gas and oil.

Whether you choose the great Airstream Six with its surging 33-horsepower engine and 118-inch wheelbase... or the still larger Airstream Eight with 103-horsepower engine and 121-inch wheelbase... you will be sure of lasting satisfaction... and a pride of ownership that only a Chrysler can inspire.

MUTUAL AIR PACT PARLEY IS DUE SOON

Will be Discussed Independent of Other Security Projects

LONDON, June 4.—Continuation of a European, air pact of mutual assistance and security, independent of other security projects which were proposed for the consolidation of European peace, will be discussed shortly among the main European powers, it was said here last night.

Although the foreign office has drafted proposals from Berlin, Paris and Rome, for an air pact, the past, detailed studies of these plans will not be possible, it was said, until after the prospective changes are effected in the British cabinet.

British negotiators first will ascertain, especially in Paris, if the European air pact can be negotiated and signed without the other security agreements set forth in the Anglo-French communique of Feb. 3, which clearly specified the mutual clauses for Germany in the Versailles treaty and Germany's recent terms for the League of Nations all were interdependent and must be treated and applied simultaneously.

Western Plains Profit By Moisture

CEREAL BELT BETTER THAN IN 10 YEARS

Cool Drizzle Soaks Grain Lands—Moisture For Month

WINNIPEG, June 4.—A cool drizzle soaked western grain lands Monday, bringing the best June moisture conditions Canada's fertile cereal belt has had in 10 years.

Only in the Pacific plains around Portage La Prairie where westerly winds assumed cyclonic proportions was there any complaint. Even there, however, damage was not extensive.

GENERAL PRECIPITATION

All across Manitoba, and up into the north country, precipitation was general. It rained at Fargo, on the Hudson Bay railway. There the mercury dropped to 23 degrees, snow ran and at Grafton Lake and Norway House there were snow flurries.

From southern Manitoba, though, came the most enthusiastic report. Farmers who for the past three or four years have been pained over by the rain clouds, welcomed rain over the week-end.

MONTHS MOISTURE

In this area rainfall during the past two days has totalled from one-half inch to 2 1/2 inches. In Saskatchewan, rainfall totalled 2.52 inches at Kamisk Yorkton just 1.96. Elsewhere precipitation varied but crops generally were reported as having sufficient moisture to last a month.

Calgary and Edmonton, in the foothills province, both received welcome rainfall over the week-end. Sunday night there were three degrees of frost but not sufficient to damage sprouting grain.

Bulk of both wheat and coarse grain crops are already under ground.

Stork Waited

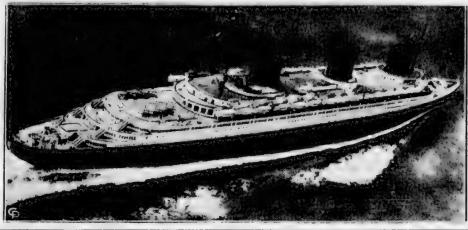

White Husband Made Long Trip

GRANGER, Utah, June 4.—M. W. Khris, an instructor at the University of Alaska, hurried here by boat and train from Fairbanks, hoping to beat the stork. He arrived just 10 minutes before his wife gave birth to a son.

Several importations of flowers from foreign countries was almost halved between 1932 and 1933. The nation has taken to growing its own flowers.

Normandie Set Three New Records On Maiden Trip

NEW YORK, June 4.—When the Normandie slipped past Ambrose lighthouse at 11:00 a.m. E.D.T., Monday, she had three new records for passenger liners. Fastest crossing from Europe—four days, 11 hours, 42 minutes; 2. Lowest 24-hour run—14.6 miles; 3. Fastest one-hour run—21.26 miles. Her crossing time is based on the 3,192 miles from Southampton to Ambrose lighthouse.

CO-OPERATION IS SECRET STRENGTH OF GRAD TEAM

The spirit of co-operation and self-effacement is responsible for carrying the Edmonton Commercial Grads through their amazing victories, declared Percy Pace, coach of the team during an address given at the regular luncheon meeting of the Kiwanis club when members of the team were guests of honor.

Held under the chairmanship of J. V. Cook, each member of the Grads was presented with a button, as a token of esteem. Also present at the luncheon was Mrs. Percy Pace. The Grads during the past week were up against very serious opposition, stated the coach, for the opposing team were not only of superior physical strength, but was a team picked from many of the best teams in the United States.

"The States have deliberately gone out to build up a strong team and the members have been from many parts of the country," said Mr. Pace. "They devote a great deal of time to getting in shape, doing as much as four hours practice a day against the two practices a week which the Grads have."

The Grads, said the speaker, have always had the welfare of their team at heart and each member is perfectly willing to withdraw from the play if he thinks that by so doing, he is bettering the chances of winning. Many of the younger players, he continued, had been willing to give way to line more experienced players.

Charge Contracts Lower Wages In Competition

OTTAWA, June 1.—The National defence department has let contracts for girders which force Ontario manufacturers to cut wages below the local minimum to compete with Quebec. It was charged in the House of Commons last night by William Fraser, Lib. Member for the riding of the Quebec minimum wage law was not being enforced, forcing Ontario manufacturers into an unfair position.

The remedy, said Mr. Fraser, was for the labor department to see that no government contracts be let at prices which forced low wages. The Ontario Liberal claimed a government contract was let with 35 cents for the labor on a \$100,000 contract.

Heads Y.W.C.A.

OTTAWA, June 4.—Miss Helen F. Smith, Secretary and General president of the Canadian Federation of Y.W.C.A.s, recited at its closing session here today. Miss Helen Hilton, also of Saskatoon, was chosen secretary of the meeting.

Special mention in the Executive Committee's report was made of the fact that the Y.W.C.A. is the only organization in the world which has been granted German citizenship, thereby ending their status of alien without a contest.

A LITTLE COMPANY GROWN BIG

IMPERIAL OIL was a little Company in 1880. There was then only a handful of employees. A dozen or so products were the Company's stock in trade.

Today nearly 18,000 Canadian men and women are engaged in making and selling 714 different Imperial Oil Products, 90,000 counting their families, there are about 90,000 people directly dependent for livelihood on this Company and its operations. 90,000 is a lot of Canadians.

Imperial Oil's growth depended upon more than growth in population and demand. Fair dealing, honest value and the ability to meet

new needs with new products and new services all played their part. Of course a loyal, capable staff was indispensable. Such a staff was built up by fair and considerate treatment. Good wages, sickness and death benefits, retirement pensions, group insurance, industrial councils—these are some of the measures by which the Company has recognized its responsibility to the men and women in its employ. These men and women have recognized in turn their responsibility to the Company. By loyal, wholehearted service they have helped it to make better products at lower cost and thus become "a big company."

DATS BY BILL LEWIS

An exceptionally fine Monday crowd was on hand at the second day of the spring race meeting and everyone seemed to enjoy the fine afternoon of sport. There was plenty of variety to the program, which was well arranged by Secretary Bob Shelley and year-old, Palomar, showed promising racing.

An Edmonton owner, J. Smith of the south side, entered the feature event of the day—the King George's Birthday Purse—which his Chatterboxer, named home in front in the fifth heat. It was a popular win with many of the crowd, which had been arranged by Secretary Bob Shelley and year-old, Palomar, showed promising racing.

RADIALS WIN SOCCER LEAD HERE MONDAY

Defeat Hearts by 5-1 Score in Scheduled Senior Clash

Radials captured leadership of the local soccer league when they registered a 5-1 triumph over Hearts in a scheduled game at Diamond Park last night.

Radials took up the offensive right from the start but could not pierce the Hearts' defense. Hearts made some likely raids but never came near Mann. After 12 minutes play, the Radials got a lucky goal. Shaw in clearing kicked the ball against one of his own men which came back into the net.

Five minutes later Ross kicked the ball out of Shaw's hands for the second goal.

The Hearts set to make amends and 10 minutes from the interval scored Greenlee's netting.

Half-time Radials 2, Hearts 1.

The second half was only 10 minutes old when Ross drove a beauty past Shaw for No. 3. From then until the end the Hearts had as much of the game but missed some glorious chances to score. Ten minutes later Johnson scored two more goals for Radials.

Final, Radials 5, Hearts 1.

King's Birthday Program Brings Varied and Interesting Afternoon of Entertainment for Turf Followers

Clear skies, a nicely arranged program and fair returns on a majority of the events, all contributed to a successful afternoon of racing on His Majesty the King's birthday at the Exhibition track Monday.

Georgia Lilly, carrying the colors of the Frazier and Hunt stables on the card, the Camrose Speed Handicap.

Johnny Craigmyre, Victoria boy, who broke in the great Sun Beau, was up on the Calgary mare and he gave him mount her head all the way. The jockey didn't have to lay on the whip, Georgia Lilly always seeming to have plenty in reserve, when the field closed in.

N. EDMONTON MEETS GRITS JUNIOR GAME

Having lost one game each—their first starts—Army and Navy Grits and North Edmonton will be out to capture their first triumph when they clash at Boyle street Wednesday night in a junior baseball tilt.

The Grits in their first game with Arrow Braves were beaten, while North Edmonton dropped their only game to Salfords and one for the other should break away from the cellar position.

Dave Preston's store club have shown good strength in their only game, but Tom Wilson's Northerners also have improved. Those who placed in the clubs will be fighting hard for the winning margin. The game starts at 6:30 o'clock.

Judging by yesterday's attendance, the current meeting is likely to be a real success. Given fine weather for the rest of the week, fine turnouts can be expected every day and that's what the officials will be hoping for.

Mervin "Red" Duttin, the hockey player, who this spring was appointed manager of New York Americans of the N.H.L., was one of the visitors in the track yesterday.

A strong racing enthusiast during the summer months.

Bill Stewart, an Edmontonian who now makes Winnipeg his home, is here in the capacity of timekeeper for the races. He is a well-known athlete in the city when he went to school here.

Buster Huffman, manager of the Northwest League a couple of seasons back, is again on hand at the track.

Buster is carrying on in his profession of "turf adviser."

Lee Williams' manager three-

Early Bird's Analysis Of Today's Racing

FIRST RACE—LEVERON ought to be best to stand here. DuPre will probably ride and the 5-year-old last race at Chukov was quite good. **GOLDSTREAM GIRL** has improved with each successive race this season and will be well fancied as the favorite. **SAKON** might spring a surprise over this short trip. **Palms** is going to ride and the last time he won was in the morning. **Palms** is going to ride and the last time he won was in the morning. **Palms** is going to ride and the last time he won was in the morning.

SECOND RACE—TAKING the 5th, apprentice allowance, **FLISAK** appeals most and this distance is just a suitable one for DuPre, so is the favorite. **SAKON** might spring a surprise over this short trip. **Palms** is going to ride and the last time he won was in the morning. **Palms** is going to ride and the last time he won was in the morning.

THIRD RACE—SEVEN FURLONGS, 5:30 o'clock. **WETAKEWIK** handcap seven furlongs, 5:40 o'clock. **WETAKEWIK** handcap seven furlongs, 5:40 o'clock. **WETAKEWIK** handcap seven furlongs, 5:40 o'clock.

Turf ... Tattle

BY JACK DELON

The Bulletin's handicapper keeps his batting average right up on the peg again Monday on the second day of the Edmonton Exhibition spring race meet. Thirteen out of 21 horses mentioned by him were in the money. His best indication of opinion on the card named Nave, the fourth race on the card.

Those who paid heed to the hint of the Bulletin's selector in this race and walked confidently to the 55 straight mutuel wicket before the race retired to the payoff ticket to collect just a few cents. This amount is considered a nice price at any race meet.

When you consider the fact that many of the patrons had marked differences of opinion on the merits of the various gallopers in each race, prices were good throughout the afternoon. Nave Alla was the best bet. Smallest return on a money horse was paid to show backers of Boverly Sue in the third race. Just one thin dime was remitted to folks who feared the brown filly could not do better than third.

There were milder upsells, both literally and figuratively in other races. Don Marcus, a frisky three-year-old gelding, decided to act up when being taken to the barrier for the Camrose Speed Handicap, feature race on the card. He reared, pranced and danced, losing Jockey Russ well over his head twice. Then the steed decided he was having so much fun he would take a shot at steeple chasing.

Showing a lot more speed than he did in the actual race, Don Marcus, the milder rider, made a graceful clearance of the inner
